Eric,

Sorry about the quality.
However, they are as "viewable"
as my originals!

Best,

J.D.

these 15 pages are Dannreuther photostats of photostats sent to Dannreuther ~~Eric~~ by Don Kagin of photographs in Kagin's library records of the Mehl 1933 ± inventory of the Waldo Newcomer ~~Hoard~~ Private Hoard Collection. these seem to be missing the plate of the reverses of the plate with lot #16 Moffat. Kagin apparently does not have the extensive text which goes with these plates.
